Birthday: **1995-06-10**

About me

I hold a bachelor's degree in Information Technology from Jahrom University.

I have experience as a frontend programmer with Medis Holding and have worked on both frontend and backend development for an online radio project.

My skills extend to DevOps, including microservices, cloudnative applications, MAAS, Ansible, Docker, and Kubernetes. I served as a Frontend Developer and Scrum Master at Taavsystem starting in June 2020. Currently, I have been working as a Frontend Developer at Keleman for the past two years."
